Greetings from our Clergy

There are only two ways to live your life. One is as though nothing is a miracle. The other is as though everything is a miracle.

Life is a balance and the pandemic has shown us that amidst the tragedies true miracles can happen. Thank you all for your part in bringing about miracles.

Honoring our very own Cantor Margot

As friends in our community suffered difficult losses this past year, you were always there, ready to help in every way possible. You were not just the Cantor, but the guide, friend and leader that everyone needed as they navigated the bizarre new world of rituals on Zoom. Your selflessness and strength have truly been nothing short of heroic

Thank you for all you have done, and continue to do,

Dear Cindy,

It's a great honor and pleasure to co-work with you. You have been playing a critical role in antibody isolation in our group, and have contributed successfully, in many ways, to projects generating monoclonal antibodies targeted to chronic diseases, cancers, as well as infectious diseases like Ebola and COVID-19. Your dedication and research have helped to bring science to medicine to bless many people.
Congratulations, and Iam expecting more exciting work coming from you in the future!
